

# VAMPAC

## POLITICAL ACTION COMMITTEE

The mission of VAMPAC is to educate the members of the Virginia General Assembly on issues relating to the real estate finance and housing industries. Emphasis is placed on those legislators whose assignments have the greatest impact on the mortgage industry.

VAMPAC is supported by contributions from interested mortgage bankers and real estate finance professionals. These funds are used as political contributions to Virginia legislators. Additionally, lobbyists are employed to gain the empathy and understanding of the State's legislators on issues of interest to our industry.
